Brussels Belgium is the administrative center of the European Union (EU). Located in heart of Europe, Belgium is a highly developed and sophisticated country with dynamic companies, competent trading partners and high-quality products.

The United States is currently engaged in negotiations leading to the creation of the Free Trade Area of the Americas (FTAA), a trading block that will bring together 800 million people with a combined GDP of \$14 trillion. Miami-Dade County is aggressively pursuing the designation of the Permanent Secretariat of the FTAA. Should that become a reality, Miami will then become the administrative center of the FTAA and be poised to become the Brussels of the Western Hemisphere.

Highlights:

- Briefing by the US Commercial Service on doing business in the European Union (EU).
- Business trip to Antwerp (one day), to meet with Export Vlaanderen, the Economic Development Agency of the very prosperous Flanders Region.
- Meeting with the American Belgian Association.
- Meeting with the Brussels Central Region.
- Meetings with the Walloon Region.
- Meetings with American Chamber of Commerce in Brussels.
